Adjournment:
Steelton Borough Council Meeting
December 2, 2019

Present:
Brian Proctor, President
Michael Segina, Vice President
Keontay Hodge, President Pro Tem
Dennis Heefner
Natashia Woods

Mayor Maria Marcinko
David Wion, Solicitor
Randy Watts, HRG
Douglas Brown, Borough Manager
Anthony Minium, Police Chief
Keith Miller, Foreman, Public Works
Thommie Leggett-Robinson, Exec. Assist.

Absent with cause: Kelly Kratzer, William Krovic, and Eugene Vance

Ms. Hodge was present via telephone.

The meeting was called to order by President Proctor at 6:30 p.m., after which he led the body in the Pledge of Allegiance. Mayor Marcinko led a Moment of Silent Reflection.

Chief Minium requested that the Council approve the promotion of Officer Dennis Basonic to Corporal. He stated that Officer Basonic passed the Civil Service test with a score of 98.1, thus completing the Civil Service Process.

Ms. Woods moved that Council accept the recommendation to promote Officer Basonic to Corporal status. Mr. Heefner seconded the motion, which passed by a unanimous vote of the Council.

Officer Dennis Basonic was sworn in as Corporal Basonic by Mayor Maria Marcinko. As he took the oath of office, Corporal Basonic’s sons held the Bible. Corporal Basonic thanked the Council and Chief Minium for the opportunity to serve Steelton.

Council reviewed the minutes from November 18, 2019, meeting. Mr. Segina moved, and Ms. Woods seconded the motion to accept the minutes as presented. A unanimous vote of the Council passed the motion.

There were no comments from the public regarding agenda items.

Randy Watts, the Engineer from Herbert, Rowland & Grubic, Inc., presented the November Engineer’s Report. The highlights of both the written and oral reports are:

- 2019 Roadway Improvements Project – The work on the project is completed, and information for the final payment to the Contractor is in process.
- Skate Park Phase II Project – Armet Cement is finalizing the design and specification for use in bidding documents. January 2020 is the expected date for the report review. Construction start date should be Spring of 2020.
- Borough staff, other consultants, and HRG met at the Hoffer Street Pump Station on November 14, 2019, to evaluate actions needed to improve the Station. HRG is now
performing preliminary hydraulic design calculations for the replacement of the existing pumps. They have been asked to prepare a formal proposal to the Borough for the completion of the project's design phase. The plan should be ready for presentation to the Council at the December 16, 2019 meeting.

- **2019 Sanitary Sewer Rehabilitation Project** – the Contractor has completed the work on the project. The Contractor will receive the final payment when the required paperwork is completed.

- **101 Locust Street Retaining Wall Boundary Survey Project** – President Proctor, requested that this item be removed from the report because the project is on hold. Mr. Watts said he would like to keep the project on the list. Habitat for Humanities has withdrawn from the project. Mr. Brown explained that the Borough has Community Development Block Grant (CDBG) funds that can be used to repair a section of the retaining wall. He said that work on the project should continue because of the wall's structural issues, and the need to clean out the area. The work will be preparing to demolish the building or securing another partner to work on the rehabilitation of the building.

- **Front Street Storm Sewer Relocation Project** – the field survey is complete. There are no utility conflicts found at the Subsurface Utility Engineering (SUE) test pits. HRG continues to work on the design.

Mr. Heefner shared that PA Water is going to put a water line on Q Street. The project had been on hold since the intent was to put in new sewer lines and tie it to the system there. He stated that the sewer lines would be installed and capped. Further, when the money to complete the sewer separation on the East End is available, the lines will be attached. This action will allow PA Water to complete the installation of the water lines now.

*Mr. Segina moved, and Mr. Heefner seconded the motion that the November 2019 Engineer's Report be accepted as presented. The motion passed by a unanimous vote of the Council.*

The following communications were received and reviewed by the Council:

The Dauphin County Office of Emergency Management sent an email notice that the Borough is receiving funding for this year. An award letter confirming this action is forthcoming.

Dauphin County Conservation District sent a copy of the Site Inspection Report of the Frank S. Brown Town Home Project Site. The report indicates that there are no violations of Chapter 102 Erosion Control Title 25 of the Department of Environmental Protection Rules and Regulations.

Defense Logistics Agency wrote to inform the Borough that six regulated Above Ground Storage Tanks containing heating oil and diesel fuel are upstream of the Borough of Steelton.

The Pennsylvania Municipal League sent an endorsement of the National League of Cities (NLC) Service Line Warranty Program.

The Council addressed the following unfinished business agenda items:

Ms. Kratzer was absent; therefore, there was no discussion about the final proposal for Hygienic School Monument.
Mr. Wion presented the Revised Proposal for Replacement Submersible Pump Grinder at Trewick Street Pump Station from Riordan Materials. He explained that staff determined that the current pump grinders have deteriorated to the point that they are ineffective. The ineffectiveness of the grinders may cause an emergency because sewage cannot be processed. Therefore, the previously reviewed plans for replacement had to be amended to accommodate the current needs of the Trewick Street Pump Station. The new equipment is coming through the State Co-Stars Program. Mr. Wion said that the implementation agreement was changed to conform to standard Borough agreements. Mr. Brown stated that the cost of the new system would come from the current sewer budget. Mr. Heefner moved that the Council accept the new Submersible Hydraulic Motor System from Riordan Materials at the cost of $68,580.00, the installation by Blooming Glen Water & Wastewater for $22,100.00 and installation and wiring of a control panel for $8,900.00. Mr. Segina seconded the motion, which passed by a unanimous vote of the Council.

Mr. Wion introduced a Resolution to formalize the Council’s decision to hire Diffenderfer Auctions to handle the sale of Borough property. The property to be sold includes six vehicles, a pinning machine, a street saw, and a boat and trailer. Mr. Heefner moved that the Council adopt Resolution 2019-R-37, Authorizing Auction of Borough Vehicles and Equipment through Diffenderfer Auctions. Ms. Woods seconded the motion, which passed by a unanimous vote of the Council.

The Council handled the following new business at this meeting.

Mr. Wion requested that the Council consider passing a Resolution to hire an independent firm to perform the annual Fiscal Audit for 2019. Mr. Segina moved, and Mr. Heefner seconded a motion to adopt Resolution 2019-R-38, Appointing Zelenkofske Axelrod LLC to conduct the audit for Fiscal Year 2019 at a cost of $50,303.00 for the financial audit, $3,585.00 for the DCED audit and, $8,000.00 for the single audit, if necessary. A unanimous vote of the Council passed the motion.

Mr. Wion requested that the Council pass a Resolution hiring an independent auditor to perform the Fiscal Audit for the Steelton Borough Authority. The existence of the Authority was terminated on October 9, 2019, but an audit of the financial records of the Authority still must be performed. Mr. Segina moved, and Mr. Heefner seconded the motion that Council passes Resolution 2019-R-39, Appointing Zelenkofske Axelrod LLC to perform the Fiscal Year 2019 Audit of the Steelton Borough Authority at a cost of $8,500.00 for the financial audit, $1,730.00 for the DCED audit, and $6,000.00 for additional fees relating to the sale of the water system. The motion passed by a unanimous vote of the Council.

There were no public comments made at this meeting.

Council members raised the following concerns:

Mr. Heefner discussed the remodeling of the Hoffer Street Pumping Station. He said a line would be placed across Route 230 to take the flow into our system, up to Trewick, then to Harrisburg. He asked Matt Cichy from HRG to provide a price for installing a flow from Trewick to handle the overflow. He asked Council if there was an objection to obtaining a quote.
for that work. The quotes would be two prices one to Hoffer Street and one to add that on to the 
Trewick Project. President Proctor stated that we need to get the information to get the work 
completed, if necessary. Mr. Heffner said that there had been several evening calls reporting 
sewer back-ups. Grease poured into the system caused most of the backup problems. He 
recommended citizens be encouraged to find other ways to dispose of grease since it clogs the 
sewer system.

Ms. Woods reminded the body that the Christmas Tree Lighting Ceremony will take place 
tomorrow (December 3, 2019) at the Frederick Douglas Borough Hall. Following the lighting 
ceremony, refreshments and other activities will take place at the Fire Hall.

Mr. Brown reminded Council members that an Executive Session is scheduled to discuss 
personnel issues and real estate acquisition.

Mayor Marcinko congratulated Corporal Basonic on becoming the first Corporal in the Steelton 
Police Department. She, Chief Minium, and a roving patrol were visible in Steelton the day 
before Thanksgiving. The Mayor proudly announced that there were no DUI’s on that day. She 
told the body that the District Attorney’s Office funded the roving patrol. Ms. Marcinko stated 
that the Department noted several Ubers and Lyfts driving in the Borough. She commended the 
citizens of Steelton for making safe choices.

Mr. Segina thanked persons for attending the meeting. He announced that Mr. Wion has 
reviewed and approved the Fire Department Handbook. Mr. Segina plans to present the 
Handbook for approval at the December 16, 2019 meeting.

Mr. Proctor reminded those present about the Christmas Tree Lighting, the Santa Clause Drive, 
and the Steelton Economic Development Authority’s Third Annual Christmas Dinner.

Ms. Hodge and Ms. Leggett-Robinson had no comments.

*Mr. Segina moved that the Council move into Executive Session at 6:58 p.m. Mr. Heefner 
seconded the motion, which passed by a unanimous vote of the Council.*

Ms. Hodge physically arrived at the meeting at 6:59 p.m.

**Other Business:**

*Mr. Segina moved that Council resume regular session at 7:23 p.m. Ms. Woods seconded the 
motion, which passed by a unanimous vote of the Council.*

*Mr. Segina moved that the Council accept the resignation of Douglas E. Brown from Position of 
Borough Manager Effective January 17, 2020. Mr. Heefner seconded the motion, which passed 
by a majority vote of the Council. Ms. Hodge cast the dissenting vote.*
Ms. Hodge moved that the Council hire Anne Shambaugh as Assistant Borough Manager effective December 3, 2019, at a salary not to exceed $90,000.00. Ms. Woods seconded the motion, which passed by a unanimous vote of the Council.

Ms. Hodge moved that the Council hire Renee Drayton as Administrative Assistant to the Borough Manager effective January 6, 2020, at an hourly rate of $18.00. Ms. Woods seconded the motion, which was passed by a unanimous vote of the Council.

Mr. Segina moved that the December 2, 2019, Council Meeting adjourn at 7:23 p.m. Ms. Woods seconded the motion, which was approved by a unanimous vote of the Council.

Respectfully Submitted,

Douglas Brown, Secretary
