

Renaissance Row on Front Street

Setting the Foundation for Steelton's Future

Renaissance Row on Front Street will incorporate industrial design elements inspired by Steelton's industrial heritage.

After over ten years of hard work, North Front Street will see the redevelopment we have been waiting for. Philadelphia-based development firm Chariot Companies will develop the properties across from Borough Hall into Renaissance Row on Front Street.

Renaissance Row is anticipated to include:

- A 15,690 square foot grocery store
- 50,000 square feet of retail shops
- 50,000 square feet of commercial/flex space
- 45,000 square feet of new residential space
- A public plaza to support community and commercial events

Chariot Companies, LLC is a Philadelphia-based firm with a mission-based focus on redeveloping urban areas. Chariot has a strong portfolio of successful developments up and down the East Coast and brings a rich knowledge, passion, and expertise to this project.

The Renaissance Row Project and Chariot's investment marks the beginning of Steelton's long-term revitalization. Work on the project is expected to begin in Fall 2017.

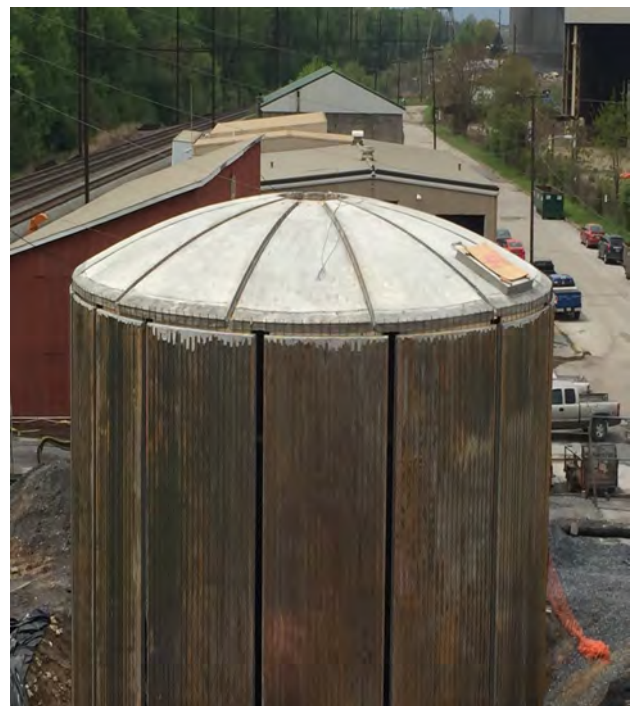

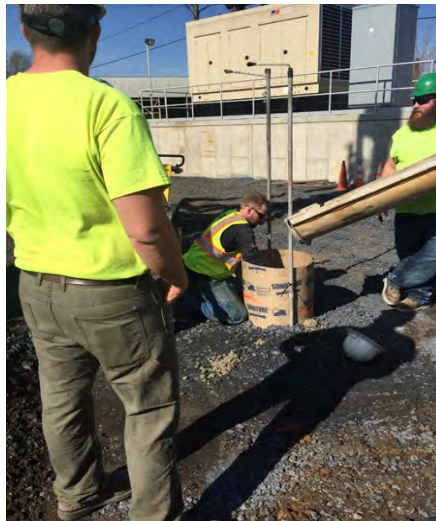

Chlorine Contact Tank/DBP Compliance Project Nearing Completion

Construction crews continue to make substantial progress on the Disinfection Byproducts Rule Compliance Project aka the Chlorine Contact Tank. This project, funded by a PENNVEST loan, constructs a 260,000 gallon chlorine contact tank at the Steelton Water Filtration Plant. The tank will allow for the chlorination of water post-filtration, greatly minimizing the occurrence of disinfection byproducts and addressing the source of recent non-emergency violation notices..

The Steelton Water Authority sincerely thanks all residents and customers for their patience as this substantial capital improvement is completed.

The project is expected to be completed and operational by the Fall 2017.

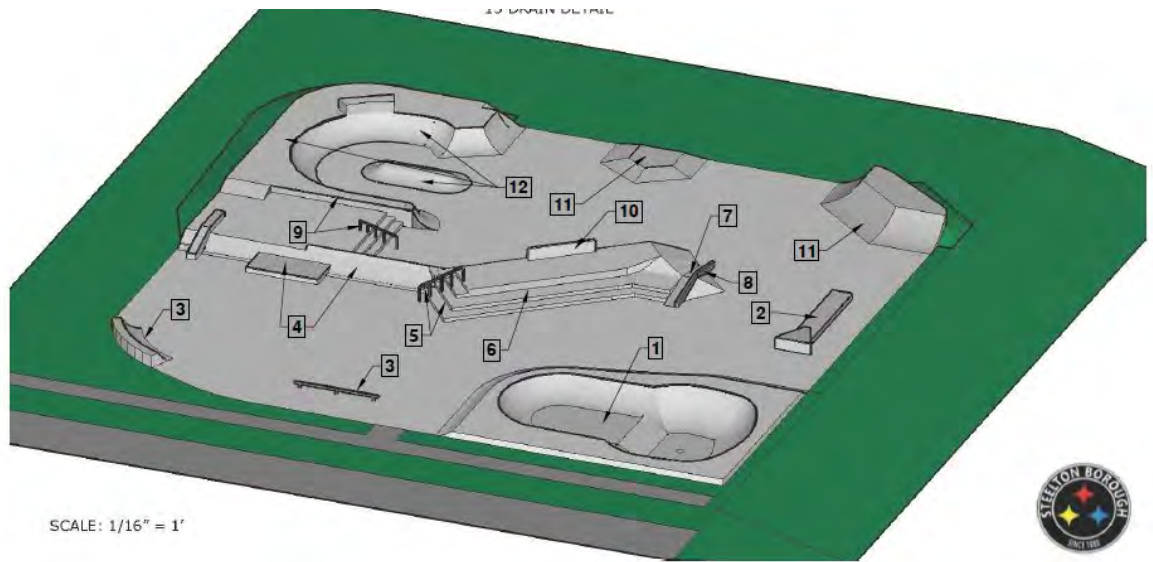

The Steelton Skate Park: A Bold Project for a Bold Borough

In the summer of 2016, Dauphin County Commissioner Jeff Haste posed a challenge to Dauphin County municipalities: build a skate park to serve an existing need in the region. Steelton Borough answered the challenge and in partnership with Dauphin County will break ground on the Harrisburg region's first and only open skate park on May 9th.

The Steelton Skate Park not only provides a safe place to skate for the many youth and adults that use the streets of Steelton, it also provides an economic development and tourism opportunity as a destination for action sports enthusiasts.

Contrary to popular belief, skateboarders span all age groups and all demographics: from teenagers and young adults to established professionals. Skateboarding has grown to become a \$5 billion industry with skate parks proven drivers of economic development.

The Steelton Skate Park will open in August 2017 and will be free for daily use.

Adams Street Townhouse Project: Moving Ahead in 2017

The wait is over for the new residential development on Adams Street. Later this year, Tri-County Housing Development Corporation is expected to break ground on Phase I of the Adams Street Townhouse Project.

TCHDC will build 12 new town homes on the existing open lot near Adams and Second Streets. These townhomes will be available as lease-to-own properties in order to foster new home ownership in the Borough.

Current plans for the townhouse project have been submitted to the Steelton Planning Commission and Zoning Hearing Boards. After recommendations and approvals by both boards and Council, the project will be essentially shovel-ready.

Tot Lot Coming to Mohn Street Park

A brand new tot lot playground will be installed at Mohn Street Park this May.

The tot lot will feature a playground with slides, see-saws, drums, spring riders, and other fun features. All families and residents are welcome to use the tot lot once it is completed.

This project is funded through a Pennsylvania Department of Community and Economic Development Grant. It is expected to be finished by May 29th.

ATTENTION PET OWNERS AND ANIMAL LOVERS

July 10th	- East End Tot Lot	- 6pm to 8pm
July 17th	- Mohn Street Park	- 6pm to 8pm

SAVE THE DATE

Protect the Susquehanna River: Follow These Cleaning Tips

Watershed Friendly Spring Cleaning Tips

MS4 Corner

Stormwater from roofs, yards, driveways, and streets that flows into storm drains is transported via the municipal separate storm sewer system (MS4), and discharged untreated into our local waterways. Because so much stormwater runoff originates from residential areas, you and your family play an important role in preventing water pollution!

Here are some easy and inexpensive tips to keep pollutants from entering the MS4 and out of our streams and rivers.

- ❖ **Never clean brushes or pour paint in a storm drain**
Rinse brushes used for water-based paint in the sink. For oil-based paints use and reuse paint thinner. Properly dispose of paints, cleaners, and solvents through hazardous waste collection programs.
- ❖ **Prevent trash/litter from getting washed into storm drains**
Pick up trash and litter around your yard and street. Pick up pet waste and dispose of it with the trash.
- ❖ **Use Non-Toxic Cleaning Agents**
Use only non-toxic, biodegradable cleaners when pressure washing, or try using just water.
- ❖ **Maintain your Septic System**
Inspect your septic system and drain field annually. Pump out the tank every 3 years or as required by local/State regulations.
- ❖ **Minimize Stormwater Runoff**
Direct rainwater from your down spouts to vegetated areas or collect rainwater in a rain barrel.

Adopt-a-Block Participants are Stepping Up Big!

Since its inception, 12 dedicated residents and organizations have stepped up to make Steelton a cleaner community by adopting 19 blocks. These people don't just talk about wanting a cleaner, litter-free town; they take action.

Steelton Borough thanks all of the inaugural Adopt –a-Block members for being the first in Steelton to take action. If you see them around town, thank them for doing their part.

YOU CAN JOIN THE ADOPT-A-BLOCK FAMILY TOO!

FILL OUT AN APPLICATION AT BOROUGH HALL OR DOWNLOAD ONE FROM

WWW.STEELTONPA.COM

Its That Time of Year Again!

Sidewalks are YOUR Responsibility.

Maintaining weeds in the sidewalk is your responsibility.

You must pull the weeds in your sidewalk or face a fine.

YOUR RESPONSIBILITY

Borough Codes WILL ticket and cite violators.

Fines can be up to \$500.

Take pride. Avoid fines.

Take care of your sidewalk.

Reminders from the Steelton Police Department:

Don't Get a Ticket. Stay Out of the Street Sweeper Route

The Steelton Police Department will be issuing tickets to any vehicle parked in the path of the street sweeper. Look for posted signs designating the days and times the street is "No Parking". DO NOT PARK in the street sweeper routes on the dates and times posted.

The street sweeper route must be clear in order for us to adequately clean debris and litter off of the streets. Help keep Steelton clean and avoid a ticket: stay clear of the street sweeper.

Sweeps for Summary

Warrants to Begin

The Steelton Police Department is urging all residents with summary warrants to clear their warrants or face being arrested. The police will perform sweeps of the Borough for anyone with outstanding summary warrants. Avoid being arrested; take care of your warrants.

Opening on Steelton Borough Zoning Hearing Board

Steelton Borough is seeking qualified candidates to serve on the Zoning Hearing Board.

Applicants must be residents of Steelton Borough, willing to serve a term of up to three years, and able to attend meetings the third Thursday of every month at 6pm. Knowledge in local government zoning and planning is preferred. Applicants cannot hold elected or appointed office in the Borough nor be an employee of the Borough.

The Zoning Hearing Board renders decisions on variances to the Borough Zoning Ordinance as well as other special exceptions.

Interested applicants must submit a resume to Douglas E. Brown at dbrown@steeltonpa.com or drop off their resume at Borough Hall.

Stay connected at www.steeltonpa.com
